

Newsletter: July 2023

Stay informed with our updated website at GFATV.ca

Welcome to the July edition of the GFATV Club News Letter designed to give you a brief overview of Club Activities. We urge you to visit the Club website at GFATV,CA or the Facebook page for detail.

1) UPDATE ON THE C&W TRAIL WASHOUT EAST OF KATLIN ROAD.

There hasn't been any progress on this vital section of the trail cutting off the popular link between Castlegar and Christina Lake. With the summer months approaching this route is used extensively by all outdoor enthusiasts, especially by locals and tourists with bikes as well as hikers and ATV'ers. We hope to see Interfor begin repairs on this washout in the near future as this trail is a very important link to the Christina Lake tourism season!

2) CAUTION ON THE MOODY CREEK FOREST SERVICE ROAD!

This FSR has been deactivated and the waterbars are deep and narrow, making them very dangerous to ford. An alternative is to follow travel, 14 kms up the Stewart FSR through to Sand Creek looping over to Morrissey and Dan O Rea. This is about a 130 km loop. The GFATV Club is in discussions about having these waterbars removed.

3) THE GFATV AGM

The GFATV AGM was held on June 3rd following our BC Trails Day event. Your Board of Directors will include: Doug Zorn-President, Mike DeGirolamo-Vice President, Jim Burch-Treasurer, David Bachmier-Director, Len Pinsky-Director, Randy Ellenchuk-director, Anna Bachmier-Director

4) BC TRAILS DAY WAS A HUGE SUCCESS!

Our June 3rd event included a great BBQ Lunch menu and public rides up to a tremendously fine view of the Grand Forks and area plateau! About 60 members of the public were treated to an almost 45 minute return ride to the look-out point. Thanks go out to the 20 club members that made this event and day a huge success!

5) BE SURE TO REGISTER FOR THIS EVENT!

Now is the time pre-register for the ATVBC Poker Ride and AGM, Princeton Rodeo Grounds for camping, June 28th - July 3rd. Visit their website at atvbc.ca for more details and registration.

6) FRANKLIN HERITAGE TRAIL.

On June 10th a few members traveled to a location about 1 km past the St. Ann's Rec Site to install a cement bench. The bench was dedicated to Ron Walker, a long time member of the Christina Lake Community. As you can see, the bench location has a spectacular view!

7) A BIG THANKS to our Sponsors:

Save On Foods, Mehmal Ranch, Grand Forks Ready Mix , RDKB, J&J Event Rentals, ATVBC, Tim Hortons, Main Jet Motorsports, Outdoor Council of BC

Being a responsible rider begins with you!
